

Rosario Resort & Spa

The first choice for travelers in search of relaxation and the unparalleled beauty of the Pacific Northwest, Rosario Resort & Spa is a member of the Historic Hotels of America, listed in the National Register of Historic Places.

Centerpiece of Rosario is the 1906 Moran Mansion, designed with a unique blend of nautical and Arts and Crafts influences. Guests enjoy frequent access to the mansion, with its music room and live performances. The Moran Mansion houses our restaurant, spa, boutique, lounge, music room, along with a library and museum, but does not feature any of our guestrooms. Our hillside accommodations are approximately one-half mile from the mansion with free shuttle service.

Spread across eight acres of evergreen-covered hillside, Rosario Resort & Spa offers 116 guest rooms and suites, as well as a conference center equipped to delight groups from 20 to 400 with innumerable settings and attentive staff and fine dining at the Mansion Dining Room. All accommodations enjoy views of the pristine Cascade Bay or the lush evergreen forest of Orcas Island, and some rooms also feature such amenities as gas fireplaces, sunken Jacuzzi tubs, and private balconies.

Extraordinary Counselors |

Cat Bordhi | “Cool Cat Rocks”

“Brilliant, clever, genius likely....but make no mistake. That woman does not think like an ordinary person. I tell you this. I don’t know a thing about Cat Bordhi’s personal life. Not one thing, but I promise you this. She has time to think. Cat Bordhi should be working for the UN, securing world peace and figuring out renewable energy sources and why we have three kinds of screwdrivers. Cat Bordhi is a smart cookie.” Stephanie Pearl-McPhee was spot on in her description of Cat! She is purely enchanting and we are lucky to have her!

Stephanie Pearl-McPhee | “Harlotty”

As her publisher describes, “Stephanie captures the wicked and wickedly funny - musings of someone who doesn’t really believe it’s possible to knit too much, and who willingly sacrifices sleep, family, work, and her sanity on a regular basis in order to keep doing it.” There isn’t much more that we can add to her bio, ridiculously funny and very smart. If you haven’t read any of her work or her blog, come out from under that rock!

Tina & Kaci | “Henpecked” & “Hurricane”

A little bit nutty and a little bit sass, enough said.

The Sockateers | “Chickabiddy” “Chanticleer” & more

These are the ladies that help keep us sane and a good reason all the packages arrive to their destinations, an amazing and fun tribe of their own.
